DATA DI CONSEGNA

La data di consegna confermata è da considerarsi indicativa. Un eventuale ritardo per cause di forza maggiore, non direttamente a noi imputabili, come scioperi, agitazioni della forza lavoro, ritardi di fornitori, disagi del settore trasporto, guerra, rivolte, incendio, incidenti, regolazioni governative non potranno dare adito alla richiesta di pagamento di penali, richieste di rimborsi o annullamento di ordini.

LUOGO DI CONSEGNA

La consegna della merce è da intendersi F.co fabbrica. I prezzi non sono comprensivi di trasporto.

CAMPIONATURE

Vengono fornite su richiesta campionature che verranno fatturate secondo i termini da noi stabiliti. Il pagamento sarà richiesto per l'intero ammontare fatturato. Non si faranno accrediti sui campioni che, per qualsiasi motivo, il cliente decida di rendere.

PAGAMENTI

GARANZIA

All'acquirente originale garantiamo i nostri prodotti contro difetti di assemblaggio e incollaggio della struttura per un periodo di 2 anni dalla data d'acquisto (farà fede la data della nostra fattura). Questa garanzia non copre i tessuti forniti da noi e/o dal cliente, né la finitura dei fusti.

Qualora fosse stabilito che si tratti di merce difettosa per cause di assemblaggio o di incollaggio, noi giudicheremo se riparare o rimpiazzare la merce reclamata gratuitamente, purché ci venga resa come da nostre istruzioni. In nessun caso la nostra responsabilità potrà superare il valore dell'acquisto originale. Eventuali addebiti per riparazioni effettuate dal cliente dovranno essere preventivamente concordati e confermati per iscritto dal nostro ufficio commerciale.

La garanzia decade qualora la merce sia stata danneggiata incidentalmente, per uso non conforme, per negligenza, o sia stata modificata o riparata dal cliente senza autorizzazione nostra preventiva. I prodotti che manifestano difetti devono essere tolti dall'utilizzo immediatamente. Richiedete al nostro ufficio commerciale informazioni su come mantenere a lungo la piena funzionalità dei nostri prodotti.

RESI

Non accetteremo resi di merce senza una nostra preventiva autorizzazione e nostre precise istruzioni di spedizione. Eventuali danni riscontrati su merce resa verranno addebitati al cliente.

Il cliente è responsabile della buona gestione e integrità dei materiali a lui affidati temporaneamente in conto visione. L'imballo per il rientro deve essere fatto con cura utilizzando gli stessi materiali da noi utilizzati per la spedizione. Materiali in conto visione che dovessero rientrare danneggiati saranno addebitati al cliente al prezzo di listino.

RECLAMI

Danni o perdite occorsi durante il trasporto della merce non sono di nostra responsabilità. La merce viene spedita a rischio del cliente dopo essere stata accuratamente controllata, imballata e data in carico al trasportatore. Prima di accettare merce dal trasportatore, ispezionatela accuratamente e segnalate qualsiasi mancanza o danno sulla bolla di consegna. In caso di mancanza di prodotti o danno, segnalate immediatamente il reclamo al trasportatore. Se il danno non è visibile e viene determinato solo allo sballo della merce, il cliente deve conservare gli imballi, notificare subito il problema al trasportatore e richiedergli un'ispezione. Anche se la merce non verrà immediatamente utilizzata, è necessario che entro 3 giorni dalla consegna sia verificata ed eventuali reclami immediatamente inoltrati.

I resi di merce danneggiata durante il trasporto devono essere accompagnati da una nota di ispezione completa stesa dal trasportatore.

E' vietato l'utilizzo di immagini di nostri modelli senza il nostro consenso scritto.

LEGGE E FORO COMPETENTE

Viene applicata la legge italiana ed il foro competente per eventuali controversie è quello di Udine.

INFORMAZIONI TECNICHE**IL LEGNO**

Il legno è un materiale naturale e la sua innata bellezza è data dalle variazioni di colore, dalle venature e dalla struttura: sono caratteristiche che non possono essere considerate difetti. Ogni pezzo possiede un proprio colore e una propria struttura. Differenze di tono delle venature di legno non sono da considerarsi motivo di reclamo. Non si può garantire l'esatta corrispondenza delle venature, della grana e del colore tra prodotti della stessa serie. Le finiture chiare sui prodotti in legno non mascherano le caratteristiche naturali del legno. Il legno naturale si può subire variazioni di tonalità nel tempo per l'esposizione alla luce. Gli articoli acquistati in tempi diversi potrebbero presentare differenze di colore e tonalità.

FINITURE / MANI DI FONDO

Tutti i fusti della collezione "Premium" verranno verniciati con 2 mani di fondo.

FINITURE / TINTE DEL LEGNO

Per la collezione "Premium", salvo ove diversamente specificato, i prezzi indicati sono validi per tutte le nostre tinte standard, ad eccezione delle tinte a campione e dei laccati.

FINITURE / TINTE DEL LEGNO A CAMPIONE CLIENTE

Per ogni tinta da eseguire specificatamente come campione fornito dal cliente, si applicherà una maggiorazione come indicata a listino. La finitura a campione è possibile solo per quantità minime di 20 pezzi di una singola tinta. La maggiorazione indicata a listino è valida per finiture standard.

Se la finitura richiesta è particolare, ovvero si rendessero necessarie lavorazioni diverse dalle nostre tinte standard (ad esempio laccature, decapè, anticature, aniline, ecc...), a parte verrà calcolato l'eventuale costo aggiuntivo determinato in base alla lavorazione e al modello.

Viene richiesto l'invio di un campione realizzato con la stessa essenza delle sedie richieste: la conformità delle tinte a campione può essere garantita solo se questa condizione viene rispettata.

Le tinte e finiture eseguite su specifica del cliente sono sempre eseguite con la massima attenzione; eventuali differenze di tonalità non potranno in nessun modo essere oggetto di reclamo.

FINITURE / LACCATO

Per le finiture laccate, la maggiorazione indicata a listino è indicativa e può subire delle variazioni determinate in base a quantità, modello e colore. La maggiorazione indicata è valida solo per quantità minime di 10 pezzi di un singolo colore. Per quantità inferiori il costo verrà determinato specificamente in base a quantità, modello, e colore.

MATERIALI DI RIVESTIMENTO FORNITI DAI CLIENTI

Tutti i nostri articoli possono essere ordinati con rivestimenti forniti dai clienti ma è molto importante che il materiale inviato risponda a certi requisiti.

Stoffa Cliente: nel listino, il prezzo sulla riga "S.CLI. / COM" si riferisce ai prodotti da noi rivestiti con materiale (tessuto, similpelle) inviatoci dal cliente non da centrare. Per tutti i tessuti con un rapporto o disegno da centrare o per similpelli particolarmente difficili da lavorare sarà applicata una maggiorazione in base al tessuto e al modello.

Il consumo di tessuto indicato a listino è stato calcolato per rotoli di altezza 140 cm, di tessuto in tinta unita ed è valido per quantità superiori ai 10 pezzi. Il fabbisogno potrebbe variare per piccole quantità o per tessuti da centrare o da allineare. In questi casi pertanto è opportuno richiedere informazioni al nostro ufficio tecnico.

E' molto importante che il materiale che ci viene inviato dal cliente sia adatto alla lavorazione da eseguire con particolare attenzione allo spessore, alla morbidezza ed all'elasticità dello stesso. Per evitare ogni tipo di problema, vi consigliamo di inviarci un piccolo campione che noi esamineremo ed in base al quale vi potremo dare conferma per l'invio della quantità necessaria.

Pelle Cliente: nel listino, il prezzo sulla riga "P.CLI. / COL" si riferisce ai prodotti da noi rivestiti con vera pelle inviatoci dal cliente. Il consumo indicato a listino è orientativo e si riferisce a pelli di ottima qualità senza difetti. Date le caratteristiche e le varietà delle pelli il consumo varia in base alla qualità e alle dimensioni della pelle e alla quantità e alle forme del modello da rivestire. Pertanto vi consigliamo sempre di contattarci per ricevere informazioni specifiche e precise su consumi e costi di realizzazione.

Non possiamo essere ritenuti responsabili se il consumo effettivo varierà dal consumo preventivato né dei difetti e caratteristiche della pelle che si evidenziassero sulla pelle applicata.

Il risultato finale dipende esclusivamente dal materiale inviatoci. E' molto importante che il materiale che ci viene inviato dal cliente sia adatto alla lavorazione da eseguire con particolare attenzione allo spessore, alla morbidezza ed all'elasticità dello stesso. Per evitare ogni tipo di problema, vi consigliamo di inviarci un piccolo campione che noi esamineremo ed in base al quale vi potremo dare conferma per l'invio della quantità necessaria.

I consumi di pelle, tessuto e similpelle sono basati su materiali in tinta unita, senza disegni particolari da centrare. Considerando che spesso è necessario realizzare una tappezzeria di prova, nel calcolo del fabbisogno arrotondare

sempre la quantità di prodotti al numero pari superiore e poi moltiplicare per il consumo unitario. Arrotondare sempre ai 50 cm superiori i consumi ottenuti. Per campionature di pezzi singoli considerare un consumo di tessuto doppio. Per ulteriori chiarimenti, contattate il nostro Ufficio commerciale.

I materiali di rivestimento devono esserci spediti in porto franco presso il nostro stabilimento al seguente indirizzo: Cizeta s.r.l. - Via Grava Lunga, 4 - San Giovanni al Natisone (UD) - Italia. I materiali che arriveranno da paesi non membri UE dovranno essere accompagnati dal Certificato di Origine.

In caso di particolari istruzioni nell'utilizzo del materiale, è necessario che ci sia comunicato espressamente ed in anticipo. In assenza di particolari istruzioni ci riserviamo di applicare il materiale ricevuto secondo il nostro giudizio.

Al momento della lavorazione, i materiali di rivestimento vengono ispezionati per verificare la presenza di eventuali imperfezioni, che però non sempre sono immediatamente visibili. Non possiamo ritenerci responsabili di difetti, differenze di tonalità, variazioni di bagni di colore o altre imperfezioni sui materiali di rivestimento ricevuti dal cliente né dei ritardi delle lavorazioni causati dai materiali ricevuti.

Ci riserviamo il diritto di rifiutare qualsiasi rivestimento che secondo la nostra opinione non sia adatto all'imbottitura di qualche specifico prodotto. In nessun caso noi saremo responsabili di risultati insoddisfacenti dovuti all'utilizzo di rivestimenti non adatti ai nostri processi produttivi e a difetti che si dovessero manifestare in un secondo tempo per reazioni impreviste tra espansi, colle o altri materiali da noi utilizzati.

METALLO

Se non diversamente indicato, tutte le basi B01G - B02G - B13G - B23F - B31G - B33F - B34G - B35G - B38GD - B41F - B42D - B51F sono normalmente fornite con la finitura cromata lucida e i prezzi indicati sono validi per questo tipo di finitura.

Per altre finiture, compatibilmente alla fattibilità tecnica, verrà applicato un prezzo specifico calcolato in base a modello, quantità e finitura.

IMBOTTITURA

Tutti i prezzi sono calcolati considerando l'imbottitura con gommapiuma (espanso) ignifuga.

Se è richiesta la gommapiuma ignifuga è necessario specificarlo espressamente nell'ordine. Nel caso venisse richiesta un espanso particolare, verrà applicato un costo aggiuntivo che dipende dal modello, in base alla tipologia di materiale necessario.

Per i modelli con le gambe in legno, su ogni ordine deve essere espressamente specificato il tipo di piedino richiesto (plastica, gomma, metallo, plastica/feltro, nylon/gomma). Qualora sull'ordine non dovesse essere specificato il tipo richiesto, verranno applicati di default i piedini in plastica.

IMBALLO

Le sedute verniciate sono fornite con un imballo in scatola di cartone e, qualora necessarie, speciali protezioni idonee a una spedizione "via camion". Nel caso di spedizioni con trasbordi lungo il percorso, o trasporti tramite corrieri o via aerea, per cui si renda necessario un imballo supplementare, l'eventuale costo aggiuntivo viene determinato di volta in volta.

I fusti grezzi vengono forniti senza imballo. Se si desidera l'imballaggio dei fusti grezzi in scatole di cartone è necessario specificarlo espressamente nell'ordine. In questo caso verrà applicato un costo aggiuntivo in base al modello.

TECHNICAL INFORMATION**WOOD**

Wood is a natural material and its innate beauty is based on the variations in color, veining and structure: they are qualities that can not be considered defects. Each piece of wood has its own color and its own structure. Differences in tone of the grain of wood are not considered grounds for complaint. We can not guarantee the exact matching of grain and color between products of the same series. The light finish on wood products do not mask the natural characteristics of wood. The natural wood tones may vary over time for exposure to light. The articles purchased at different times may differ in color and tone.

FINISHING / BASE COATS

All the chairs of "Premium" collection will be finished with 2 base coats.

FINISHING / COLORS OF WOOD

All prices are valid for all our standard finishes.

For particular finishes, if not indicated in the price list, the price will be determined according to model, quantity and color.

We always ask to send a sample made with the same essence of ordered chairs: the conformity of chairs to the sample can be guaranteed only if this condition is respected.

The colors and finishes made to customer specifications are always executed with the utmost care; any tone differences may in no way be the subject of complaint.

FINISHING / LAQUERED

For lacquered finishes, the extra cost indicated in the pricelist is approximate and may vary according to quantity, model and color. This extra cost is valid only for minimum quantities of 10 pieces of a single color. For lower quantities the cost will be specifically calculated according to quantity, model and color.

CUSTOMER OWN MATERIAL

All our products can be upholstered with material supplied by the customer.

Customer own fabric: in the pricelist, the price on the line "S.CLI. / COM" refers to the products upholstered by us with the covering material (fabric, imitation leather) sent to us by the customer, that does not need to be lined-up. For all tissues with lines or pattern to line-up or for imitation leather difficult to work we will apply an extra cost depending on the material and model.

The fabric requirement indicated in the price list is valid for rolls high 140 cm of plain fabric and is valid for minimum quantities of 10 pieces. The requirement may vary for small quantities or fabrics to be centered to aligned. In these cases it is better to ask for information to our technical department.

It is very important that the material that will be sent to us is suitable for the working that we have to do with particular attention to the thickness, the softness and the elasticity of the fabric. In order to avoid any possible problem, we suggest to send us a small sample that we can test and according to it we will confirm you to send the complete quantity.

Customer own leather: in the pricelist, the price on the line "P.CLI. / COL" refers to the products upholstered by us with the real leather sent to us by the customer. The requirement indicated in the pricelist is approximate and refers to leathers of excellent quality without defects. Since the characteristics and varieties of the leather hides the requirement varies according to the quality and size of the hides and the quantity and the shapes of the model to be upholstered. Therefore we always suggest you to always contact us for specific and accurate information on consumption and manufacturing costs.

We are not responsible if the actual consumption will vary from estimated consumption, or for the characteristics and defects of the leather.

The final result depends by the quality of the material sent to us. It is very important that the material that will be sent to us is suitable for the working that we have to do with particular attention to the thickness, the softness and the elasticity of the fabric. In order to avoid any possible problem, we suggest to send us a small sample that we can test and according to it we will confirm you to send the complete quantity.

The requirement of fabric and imitation leather in meters are based on plain materials without special patterns to center. Since it is often necessary to make a test upholstery, in the calculation of the requirement please always round the

number of products to higher even number and then multiply by the unit requirement. Always round the requirements to 50 cm higher. For samples of individual pieces please consider a double fabric requirement.

For further information, please contact our sales office.

The materials must be shipped to our factory at this address: Cizeta s.r.l. - Via Grava Lunga, 4 - San Giovanni al Natisone (UD) - Italy. The materials that arrive from countries not members of EU must be accompanied by the Certificate of Origin.

We can not be held responsible for defects, color differences, variations in color baths or other imperfections on the materials received by the customer or for delays caused by these materials.

The materials are not measured by us, any missing of material will be notified only at the completion of the working.

We reserve the right to reject any material that in our opinion is not suited to the upholstery of some specific product.
